Subject: HRR Quarry objection

To whom it may concern:

I object to the permit M2017-049.

I am a native and resident of the area for 57+ years. I object to the quarry because of the effects it will have on the area. This application not only jeopardizes the water for the area but also the roadways. I have been on the highway with these trucks and they drive way too fast! I can't imagine what this all will do to the wildlife in the area especially if their water supply is jeopardized as well as their habitat. I urge the MLRB to deny the application for the quarry.

Signed Anna Marie Becker
