To Whom this may concern

My name is Robert Bullard. I have been an employee at Transit Mix for 34 years. As an employee, Transit Mix has provided me multiple job opportunities. Although I am hired as a mechanic servicing all equipment, I have also had the opportunity to deliver Concrete. In all my years of employment I have met many of the great Patrons of Pueblo. I have seen and witnessed the growth of our City of Pueblo as well as our Counties Surrounding us. Transit Mix and all their employees take great pride in servicing their customers.

I have read the concerns of the residents surrounding Hitch Back Ranch. I also am aware that there are Government rules and regulations to protect residents and the surrounding environment.

I feel that there are other quarries in our surrounding area that are being over seen by the existing Government rules and regulations and are functioning well.

I Robert Bullard, am therefore requesting that the Mined Land
(over)→

Reclamation Board please,
approve Transit Mix's application
to open the quarry owned by
Witch Back Ranch. This would
be a win-win for all parties
concerned.

Your approval would be Greatly
appreciated

Sincerely,
~~Robert Bullard~~
