Ms. Eschberger,

I OBJECT to Transit Mix Concrete Company's (TM's) application M2017-049 to establish a quarry on Hitch Rack Ranch.

The application fails to protect water resources, wildlife habitat and the easement rights of several property owners along Little Turkey Creek Road. I urge the Mined Land Reclamation Board (MLRB) to deny TM's application.

My parents live right down the road from the proposed site and it is a beautiful and unique area. The mountains and red rocks behind their house connect the Turkey Creek open space to Cheyenne Mountain State Park to the Beaver Creek State Wildlife area as well as many other areas of unprotected and forested lands. I spent many days exploring the woods and creeks in the area as I was growing up and I hope that we can continue to preserve the area so that others can enjoy it as well.

SIGNED,

Joshua Fowler
