re: HRR Quarry objection

This letter is to inform you that I **strongly** object to the permit to establish the HRR Quarry that is filed under the number M2017-049. My objections are as follows:

a. As a water treatment operator, I have concerns for the harm that will be done to the drinking water in our area.

The dust from the truck traffic will affect surface water and ground water sources and continuous use of

explosives will cause sub surface problems in the water table.

b. There are already many problems for the wildlife due to so many people building in the area. Blasting and truck traffic would add to an already serious issue.

c. Property owners will have to put up with the constant trucks disrupting their lives and the closure of their road.

Signed,
Mrs. Raven Betina Rudduck

Raven,

I have received your objection letter for the Hitch Rack Ranch Quarry application, File No. M-2017-049. Thank you for participating in the public comment process.

However, in order to be considered a party to the matter, you must also submit a mailing address. This information must be submitted by end of day today, 12/21.

Thanks,
