DIVISION OF RECLAMATION
MINING AND SAFETY**REQUEST FOR FULL OR PARTIAL RELEASE OF PERMIT AREA/SURETY REDUCTION**

Please indicate if you are requesting:

FULL/FINAL RELEASE OF ENTIRE PERMITTED AREA (per Rule 4.17)

ACREAGE REDUCTION (PARTIAL RELEASE per Rule 4.17)

I wish to release Less than (1) one acres at this time.You will need to submit with this request: a map showing the acreage to be released from the current permit and updated mining and reclamation plan maps that will accurately depict the new permit boundary if the release is approved.

SURETY (Bond) REDUCTION (per Rule 4.14)

If you are requesting a surety (bond) reduction you will need to include with this request a new estimate of the actual cost to reclaim the site based on what it would cost an independent contractor to complete reclamation, including unit costs for reclamation activities as appropriate to the operation to comply with the provisions of Rule 3.1 and the Permit's approved Reclamation Plan.

III. LOCATION:

The following information is required for ALL prospecting drill holes:

SW	1/4 of the	NW	1/4 of Section	11	Township	21S	Range	56W
6th	Prime Meridian	Crowley	County					

If the area has not been surveyed, supply the Longitude West and Latitude North, or attach a location map, preferably a USGS Quad. Please see attached maps.

The following additional information is required for artesian flowing holes:

No holes drilled	Feet	<input type="checkbox"/> North	<input type="checkbox"/> South from the	<input type="checkbox"/> South	<input type="checkbox"/> North section line
No holes drilled	feet	<input type="checkbox"/> east	<input type="checkbox"/> West from the	<input type="checkbox"/> west	<input type="checkbox"/> East section line

NOTE: In the case of closely spaced drill holes having similar geologic and hydrologic characteristics, the Operator may, with the approval of the Division, submit a single consolidated final report including the location of all drill holes and a description of abandonment technique. In such case, complete one abandonment final report form and attach a list of drill hole locations. If more space is needed to provide any of the information for this form, please attach separate sheets.

IV. Complete Either Subsection A or B:

PERMANENT ABANDONMENT (Check either box 1 or subsection 2 boxes as appropriate and provide the requested information)

RECEIVED

DEC 11 2017

DIVISION OF RECLAMATION
MINING AND SAFETY

RE: Termination of the Sugar Mill Notice of Intent (NOI), File Number P2017-002

Dear Ms. Eschberger,

Mount Falcon Processing, L.L.C. (MFP) requests the Notice of Intent (NOI) for P2017-002 be terminated and the financial warranty be released. MFP has ceased operations at the site. As you know, no disturbance occurred as it relates to the installation of the four ground water monitoring wells. Therefore, we hope the release may be expedited. Attached are a release request, maps and the requirements of Rule 4.16.1, are addressed below:

4.16.1(2):

(a) the name of the operation, the name of the operator, file number of the Prospecting Notice of Intent and the name, mailing address and phone number of the contact person;

- Sugar City Mill
- Mount Falcon Processing, LLC
- P2017-002
- H. Bruce Humphries
22151 E. Euclid Place
Aurora, Colorado 80016
(303) 854-7499
hlhumphries2@comcast.net

(b) a signed statement by the Prospector that all reclamation requirements of the prospecting notice have been satisfied;

I, H. Bruce Humphries certify all site reclamation related to the installation has been done. (The wells were never installed or were any of the site locations of the proposed wells disturbed by Mount Falcon LLC or any of its agents or contractors.

Signed: H. Bruce Humphries, 12-8, 2017

RPM, Inc.

(c) a narrative describing the site grading, topsoil replacement , successful revegetation and other stabilization activities, as appropriate;

No site grading was needed since the proposed locations of the monitoring wells were never installed or the monitoring wells proposed locations disturbed by Mount Falcon LLC or any of its agents or contractors.

(d) suitable photographs of the reclaimed area; and

A photo at about the location a monitoring well was proposed for installation, surface not disturbed.

(e) a map of sufficient detail to determine the location of the prospecting activity.

Attached to this request are maps which show the general location of the proposed monitoring wells locations.

Eagle Reclamation has expressed an interest in installing the four monitoring wells and will be submitting a new NOI for their installation. We do not object to Eagle Reclamation, L.L.C. using any of the documents which MFP submitted with our NOI for the monitoring wells.

RPM, Inc.

Respectfully,

H. Bruce Humphries,

Consultant for Mount Falcon Processing, LLC
