Hi Peter,

The sign was put up. Attached is a photo taken by Don Opheim on Dec 12, 2017 at 10:42 am. He sent it to me on Dec 15. Sorry I didn't send it on to you.

It is a pretty minimalist sign, in my opinion. But I guess it fits the bill. I will be recommending to Scott that something a bit more formal be prepared. Don is that way. What can I say. As signs have a history of disappearing here perhaps having two will help. This one is at the main quarry location. I would like to have one near Ridge Road that is more professional and typical of Schmidt permit signs. First impressions are important.

Happy New Year.

Mark
