Re: Notice of Withdrawal of Reason to Believe a Violation Exists and Notice of Board Hearing, Juniper Mountain Gravel File No. M-2003-073

Mr. and Mrs. Anson,

On January 3, 2018 the Division of Reclamation, Mining and Safety (Division) approved technical revision (TR-3). The changes resulting from TR-3 lowered the bond making the increase from TR-2 no longer necessary. The bond will remain at \$43,721. The financial warranty is in good standing and the possible violation is considered abated and the above listed permit is now in compliance with C.R.S. 34-32.5-117 (4) (c) (ii).

Therefore, this notice is to inform you that this matter has been withdrawn from the scheduled December 13-14, 2017 meeting of the Mined Land Reclamation Board, and you are no longer required to attend this meeting. The Division would like to thank you for your cooperation in the resolution of this matter. If you have any questions or require any further information please feel free to contact me at (970)-254-8511 or by email at amy.yeldell@state.co.us

Sincerely,

Amy Yeldell
