Re: Notice of Non-Compliance - Resolved, Pueblo East Pit, Permit File No. M-2000-041

Dear Mr. Ary,

On September 11, 2017, the Division of Reclamation, Mining, and Safety (Division) cited a Compliance Problem regarding groundwater monitoring issues at the Pueblo East Pit, Permit No. M-2000-041. The Division required you to submit documentation on or before October 11, 2017 to resolve the Compliance Problem. On October 11, 2017, the Division received your response to the notice of Non-compliance letter.

On January 19, 2018, the Division approved Technical Revision (TR-04), which includes a new groundwater monitoring plan for the Pueblo East Pit. With the approval of TR-04, the Compliance Problem has been abated.
