RE: Circle Dot Quarry, Permit No. M-2007-067, Inspection Problem Abated

Dear Mr. Newton:

On December 14, 2017 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Availability of records was cited as a problem because the 2017 Annual Report, Map and Fee was past due. Corrective actions required that you submit the 2017 Annual Report, Map and Fee by the corrective action date.

On January 22, 2018 the Division received the past due report, map and fee. This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell, at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,
