Mr. Thompson:

On February 6, 2018, the Division of Reclamation, Mining and Safety received your Technical Revision application **TR-6** and the required fee for the Camp Bird Mine Permit **M-1982-090**, which is located in Ouray County. The revision requested addresses the following items:

- Implement erosion and stabilization controls for the modern tailings within the current permit area. The proposed work is to be done on the 3.2 acres of tailings slope adjacent to Sneffels/Canyon Creek.

The Division is reviewing your revision submittal for adequacy. The decision due date is scheduled for March 12, 2018. We will contact you if additional information is needed. If you have any questions during the review process please call me at (970) 241-2042 or email me at [travis.marshall@state.co.us](mailto:travis.marshall@state.co.us).
