RE: Ready Mix Pit, Permit No. M-1977-023, 112c Amendment (AM-1) Approval and Financial Warranty Request

Mr. Siegmund:

On February 8, 2018 the Division of Reclamation, Mining and Safety (Division) approved your amendment application (AM-1) addressing the following:

Addition of approximately 9.6 acres on the west side of the permit area and approximately 5 acres on the northeast side of the permit area, resulting in 75.95 permitted acres.

The terms of the AM-1 approved by the Division are hereby incorporated into Permit No. M-1977-023. All other conditions and requirements of the permit remain in full force and effect.

As part of the AM-1 review process the Division has reevaluated the financial warranty requirement for this site. The estimated liability amount is \$202,050.00, which exceeds the \$115,814.00 financial warranty currently held for this site. Please submit additional financial warranty in the amount of \$86,236.00. The revision will not be final until the additional financial warranty is accepted by the Division.

Please make arrangements with Barbara Coria at the Division of Reclamation, Mining and Safety Denver Office, phone no. 303.866.3567, ext. 8148 for submittal of the additional financial warranty. Any questions regarding completion, execution and/or submittal of financial and/or performance warranty forms should also be directed to Barbara Coria.

If you require additional information, or have questions or concerns, please contact me at the Division's Grand Junction Field Office.

Sincerely,

Dustin Czapla
