***RE: DeBeque Sand and Gravel Resource, File No. M-2011-054 , Request for Technical Revision***

Dear Mr. Burkey:

The Division of Reclamation Mining and Safety (Division) is in the process of updating the reclamation cost estimate for the above mentioned site. The current mining and reclamation plans only cover activity in Phase 1. As your operation has now progressed into Phase 2, the Division request that you update your mining and reclamation plans to cover this activity. Additionally, Exhibit-L, the reclamation cost estimate will need to be updated. At a minimum please provide information for Phase 2, however information for Phase 3 will be required at a later date. Please clarify how much of each phase will become lake verses dryland.

Please submit a technical revision (TR) request with the required \$216 fee to the Division by April 16, 2018.

Once the TR is received the Division will finish updating the reclamation cost estimate and issue an increase if necessary.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,

***Amy Yeldell***
