**Re: Conversion Approval (CN-01) and Request for Financial and Performance Warranties
Amazonites, Permit No. M-2014-042**

Dear Mr. Painter:

On February 13, 2018 the Division of Reclamation, Mining and Safety approved the Conversion Application (CN-01) submitted to the Division on March 10, 2017, addressing the following:

110(1) to 110(2) Conversion Application, increasing total permitted area to 9.9 acres

The terms of the CN-01 approved by the Division are hereby incorporated into Permit No. M-2014-042. All other conditions and requirements of Permit No. M-2014-042 remain in full force and effect.

The Division has set the required financial warranty for the operation at \$5,139.00, which is \$1,839.00 more than the current financial warranty held. **The revision will not be final and activities proposed in CN-01 cannot commence until the additional bond is posted and an updated performance warranty is submitted and approved by the Division.** For questions regarding financial warranties, please contact Barbara Coria, the Division's Financial Assurance Specialist, at **303-866-3567 x8148**.
