**RE: Orchard Mesa Aggr, File No. M-1995-005 , Request to Change Anniversary Date**

Dear Ms. DuCray:

The Division of Reclamation Mining and Safety (Division) received a request from you to change the Anniversary date for the above mentioned site. This request was submitted in addition to the 2017 annual report, map and fee. This request was improperly submitted and the Anniversary date remains February 16<sup>th</sup> of each year. If you wish to change the Anniversary date you must submit this request via Certified Mail to the Division's Denver office separate from all other correspondence. With the request include the permit number, name of the operation, operator's name, address and phone number and that date in which all future reports will be due.

Note that the report will be due on the next occurrence of that Anniversary date even if a report has already been filed for the current calendar year. In order for the Division to approve this request the permit must also be in good standing and have no outstanding compliance issues.

Please be advised that the 2018 report has not yet been received by the Division. If the Division does not receive this report via the ePermitting system by April 17, 2018 a Notice of Violation will be issued.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,

**Amy Yeldell**
