Re: Vollmer Pit, Permit No. M-1983-035;
Corrective Action Due Date Extension Request Approval

Dear Mr. Davis:

On February 21, 2018, the Division of Reclamation, Mining and Safety (DRMS) received via email from Mark Heifner a request to extend the corrective action due date for the required submittal of a Technical Revision (reference the Division's inspection report dated November 14, 2017) to the end date of the current temporary cessation, May 11, 2018. Given the potential involvement of a third party and currently unknown schedules, the Division approves this request in the interest of obtaining a reclamation plan commensurate with and beneficial to the local area.

If you have any questions, you may contact me at (303)866-8567 x8169.

Sincerely,
