**Re: Climax Molybdenum Company; Henderson Mine; File No. M-1977-342
Technical Revision No. 29 (TR-29) - 3 Dam Buttress Stage 1; Decision Date Extension
Request Approval**

Mrs. Parmet,

The Division of Reclamation, Mining and Safety (Division/DRMS) has received and approved the request for a 46-day extension to the decision date to complete the technical revision (TR-29) adequacy response and the Division's review.

The new decision date is April 16, 2018.

The Operator's request to extend the decision date nullifies the automatically approval provision in Rule 1.9.1. If you have any questions, please contact me at peter.hays@state.co.us or (303) 866-3567 Ext. 8124.

Sincerely,
