RE: West Rifle Pit, Permit No. M-1981-006, Technical Revision (TR-4) Approval

Dear Mr. Lee:

On March 8, 2018 the Division of Reclamation, Mining and Safety (Division) approved the Technical Revision request (TR-4) submitted on March 6, 2018, addressing the following:

Clarifications to the reclamation plan:

- *Parcels E and D will be commercial industrial. Parcels A and B have been released as recreation.*
- *Three structures will remain post mining (1 in Parcel E and 2 in parcel D)*
- *400-500 ton gravel stockpile in Parcel E will remain post mining*
- *Map labeling mining phases, building and stockpile locations*
- *20 foot vegetative buffer along waters edge in Parcel D*

The terms of the TR-4 approved by the Division are hereby incorporated into Permit No. M-1981-006. All other conditions and requirements of the permit remain in full force and effect.

Currently the Division holds a bond in the amount of \$40,834.00 for this site. The Division finds this amount adequate to cover the changes addressed in TR-4.
