RE: 19 Road Pit, Permit No. M-2002-110, Inspection Problem Abated

Dear Mr. Burkey:

On June 13, 2017 the Division of Reclamation, Mining and Safety (Division) conducted an inspection of the above referenced site. Reclamation Success was cited as a problem because a horse corral was not in the approved reclamation plan. Corrective actions required that you submit a technical revision to your reclamation plan to allow for this use by the corrective action date.

On March 13, 2018 the Division received a technical revision request (TR-3) addressing the corral. TR-3 was approved on March 14, 2018. This satisfies the corrective action and it is considered abated.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell, at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us
