900

Notes:

- 1) Reclamation will take place at the end of the CDOT Project STA 009A-034.
- 2) Prior to re-vegetation, the area will be slope so that no slope will not exceed 3:1
- 3) Topsoil will be placed on the slopes and pit floor. Topsoiled areas will be seeded as per requested by Blue Valley ranch. Please see the following page for mix design.
