RE: Juniper Mountain Gravel, File No. M-2003-073 , Surety Reduction (SR-1) Incomplete Request Notice

Dear Mr. Anson:

The Division of Reclamation Mining and Safety received your request submitted on March 30, 2018 for the Juniper Mountain Gravel, File No.M-2003-073. On the request form you checked both an Acreage Reduction (AR-1) of 6.59 acres and a Surety Reduction (SR-1) of \$26,078.50. These two request must be made separately.

The Division has policy of waiting two years before evaluating reclamation. The majority of this pit was reclaimed in the winter of 2017-2018 and is not ready to be inspected for release at this time. For this reason the Division is denying the Acreage Reduction (AR-1) portion of your request. Please continue to monitor vegetation and treat weeds while waiting for vegetation be become established.

With regards to the Surety Reduction (SR-1) portion of your request the Division has deemed it as incomplete. A preliminary review of the information received determined that the following items must be addressed before the Division can consider the request filed and consideration can begin.

- Per Rule 4.17.1 (2) – Names, addresses and phone numbers for all owners of record of the affected land.
- Please include an updated form requesting only a Surety Reduction at this time (attached).

Please submit your response(s) to the above listed issue(s) by **Friday, April 27, 2018** in order to allow the Division sufficient time for review.
