**RE: Extension of Consent Agenda Response Deadline  
Cresson Project, Permit No. M-1980-244**

Dear Mr. Elliott,

As discussed today with Tony Waldron, we understand the Division of Reclamation, Mining and Safety (the Division) agrees to an extension until April 17, 2018, one week before the April 24-25 hearing before the Mined Land Reclamation Board, for Cripple Creek & Victor Gold Mining Company (CC&V) to submit a signed copy of the Consent Agenda to resolve the possible violations identified in the March 15, 2018 Inspection Report and the Division's Reason to Believe a Violation Exists and Notice of Board Hearing (RTB) of the same date.

CC&V appreciates the Division's willingness to extend the deadline for CC&V's return of the signed Consent Agenda and to allow consideration of the Technical Revision required as Corrective Action No. 3 of the Consent Agenda prior to CC&V's execution of the Consent Agenda.

Sincerely,

A handwritten signature in blue ink, appearing to read "MS", is placed above the typed name.
