Re: SH 69 Gravel Pit, Permit No. M-2018-010;
Decision Due Date Extension Request Approval

Dear Mr. Adamic:

On April 12, 2018, the Division of Reclamation, Mining and Safety (Division) received via email, a request to extend the decision date for the subject permit application. Although no date was specified in the request, my telephone conversation with Ms. Annette Ortega (who sent the emailed request) discussed extending the decision date to May 4, 2018 in order to hopefully provide time to receive the seed report from the NRCS and accommodate my absence from the office over the next week and a half. The Division hereby approves the extension request to May 4, 2018.

If you have any questions, you may contact me at (303)866-8567 x8169.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
