RE: Box Creek Placer, File No. P-2018-005, NOI Application Adequacy Review

Dear Mr. Baller:

The Division of Reclamation, Mining and Safety (Division) has received your NOI application for the Box Creek Placer, File # P-2018-005. After reviewing the application, the Division has determined that the scale of the proposed operation, extraction of approximately 100,000 cubic yards, is greater than what is allowable under an NOI. The operation will instead need to be permitted through an appropriate Hard Rock/Metal Mining Reclamation Permit.

If you require additional information, or have questions or concerns, please contact me at the Division's Grand Junction Field Office.

Sincerely,

Dustin Czapla
