Denver, Co. 80203

Re: Permit M-2004-025

Dear Whomever:

Mining continues on this permit. No new ground has been disturbed and reclamation has not begun. As the area is mined in 2018-2019, mining will be following all terms of the permit document. The area will not be enlarged, because we will be only increasing depth as we mine. If you need any additional information for the file, please notify me at 970-527-4434,

Sincerely,

*Patricia M. Farnsworth*

Patricia M. Farnsworth, PE

Vice-President

Farnsworth Construction & Gravel Co.
