RE: Mid-Continent LST, Permit No. M-1982-121, Administrative Revision (AD-1), Boundary Markers Placed

Dear Mr. Dangler:

On April 30, 2018 the Colorado Division of Reclamation, Mining and Safety (Division) received photo documentation from Bobby Wagner. The photos depicted that boundary markers have been appropriately placed to delineate the 38 acre permit boundary agreed upon under AD-1.

As a reminder RMR has made a commitment to DRMS to keep us in the loop regarding your submittal of the BLM POO modification. This includes a quarterly update until the matter is resolved. Also RMR will provide the Division with copies of all material formally submitted to BLM.

If you require additional information, or have questions or concerns, please feel free to contact me. Amy Yeldell at the Division of Reclamation, Mining and Safety, 1313 Sherman St., Room 215, Denver, CO 80203. Direct contact can be made by phone at 970-254-8511 or via email at amy.yeldell@state.co.us

Sincerely,

Amy Yeldell
