**Re: Canon City East Pit, Permit No. M-1977-559;
Technical Revision (TR-05) Approval**

Dear Mr. Lindner:

On May 15, 2018 the Division of Reclamation, Mining and Safety received your response to our adequacy letter via email from Kaplan Kirsch Rockwell. The Division has reviewed your responses and approved the Technical Revision application submitted to the Division on March 30, 2018, addressing the following:

Allow existing shop building and concrete storage bunkers to remain.

The terms of the Technical Revision No. 5 approved by the Division are hereby incorporated into Permit No. M-1977-559. All other conditions and requirements of Permit No. M-1977-559 remain in full force and effect.

The Division has reviewed the change associated with TR-05 for impacts to the financial warranty and has determined that this change does not require an increase to the current reclamation liability.

If you have any questions or need further information, please contact me at (303)866-3567 x8169.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
