Box 191, Victor, CO 80860

SUBJECT: Planning Review: Re. No Impact Technical Revision (Appendix A-Section 8.A and 8.B) of Cripple Creek and Victor Gold Mining (CCV) Permit No. M-1980-244-Mine Development Plan (MDP); Cresson Project – Amendment 11 – TR#101 –Storm water Management Evaluation

Dear Ms. Burt:

The Teller County Planning Department has completed its review of the Newmont Mining Corporation's (CC&V) Technical Revision TR#101 Storm water Management Evaluation proposal.

1. Teller County understands that TR#101 is a result of adequacy review comments associated with Amendment 11 and that Newmont included as a response to DRMS that "CC&V will submit a TR to re-evaluate AM-11 ponds and spillways..."
2. It is also understood that the evaluation of all Amendment 11 storm water ponds and their spillways included a re-assessment of the 10-year/24 hour and 100-year/24-hour storm event depths and it was determined that these depths have increased since the initial design and construction of them.
3. CC&V will submit designs to improve all existing storm water ponds and spillways based on this evaluation and a construction schedule no later than July 31, 2018.
4. Teller County has not objections to TR#101 as proposed and appreciates the opportunity to comment.

If you have any questions, please contact me at (719) 686-5414 or email williamsd@co.teller.co.us.

Respectfully,
