Re: Golden Wonder Exploration Project, Notice of Intent (NOI) No. P-2018-010, Notice of Deficiencies.

Dear Mr. Abraham,

The Division of Reclamation, Mining and Safety (DRMS) has reviewed the LKA International, Inc. Notice of Intent to Conduct Prospecting Operations (NOI), No. P-2018-010, submitted May 23, 2018. The NOI has a few clarifications that need to be addressed in order for the notice to be considered adequate for approval.

1. Please submit a reclamation bond in the amount of \$14,768.13. The required reclamation bond amount is based on the figures submitted with the Notice of Intent. The figures submitted were put into the DRMS bonding software and found to be adequate for the scope of work required upon reclamation.
2. The Division only received "Form 1 (DRMS use and confidential file). You must submit "Form 2 (Public File) in order for the Notice of Intent to Conduct Prospecting for Hard Rock / Metal Mines to be in compliance with Rule 5.1.2.

Per Rule 5.3.1(b) the operator shall address all identified deficiencies within 60 days of this notification. Please submit a response to the listed items as soon as possible prior to July 18, 2018 to allow the Division time to review your response. If your response or a written request for an extension is not received by July 28, 2018 the request for the NOI may be denied.

Please note the Plan of Operations submitted to the Bureau of Land Management must be approved prior to any prospecting activity commencing.

If you need additional information, please contact me at the Division of Reclamation, Mining and Safety, Grand Junction Field Office, 101 S. 3rd St., Suite 301, Grand Junction, Colorado 81501, telephone no. (970) 241-2042.

Sincerely,

Travis Marshall
Environmental Protection Specialist
