Response to Reclamation Permit Partial Acreage Release Request Consideration

DATE: June 4, 2018
TO: Peter S. Hays, Environmental Protection Specialist (peter.hays@state.co.us)
CC: Division 1 Office, District 3 Water Commissioner
FROM: Sarah Brucker, P.E. 
RE: W.W. Farms Pit (aka Riverview Resource), File No. M-1999-098 - AR01
Applicant/Operator: Aggregate Industries - WCR, Inc.; (303) 396-5252
Sections 29, 32 & 33, Twp 6 North, Rng 66 West, 6th P.M., Weld County

COMMENTS: The applicant has requested a partial acreage release for a parcel of approximately 36 acres located within the permit boundary of the W.W. Farms Pit (also known as the Riverview Resource). This land area was added to the permit boundary through amendment AM-01 and was anticipated to be sold to Aggregate Industries. However, the land owner decided not to proceed with the sale. The parcel was subsequently sold to a new landowner who has requested that the parcel be removed from the DRMS permit boundary.

No mining operations have occurred on the subject parcel and therefore no reclamation is required.

This office has no concerns regarding the requested partial acreage release. The applicant may contact the State Engineer's Office with any questions.
