Hi there,

I did not see the conditions which were to be made part of the final RN7 permit for C1981038 renewal. Attached is the last issuance letter which refers to stipulations and time-frames for the permit.

Please send me a copy of the final permit issued with the stipulations and/or conditions and time-frames. The surrounding landowners to the Bowie Loadout reclamation site are anxious to see the final renewal permit with all issues addressed.

Thanks

Judy Martin
