Amy,

I apologize for missing our meeting at the Nichols Gravel Pit, permit number M-1981-013. I have been out town for several months and did not get your voice mails. I have attached the original inspection report and a picture of the corrected mine sign. Please let me know if this will fill the requirements you spelled out in the observations section of the report, or if you need the originals. Also, please let me know when you would like to reschedule. My work schedule takes me out of town for extended periods, but I will meet you any time you would like.

Thanks again,
John Nichols
