**Re: Snyder Quarry, Permit No. M-1977-210;
Corrective Action Due Date Extension Request Approval**

Dear Mr. Laroche:

On June 13, 2018 the Division of Reclamation, Mining and Safety (Division) received your request via email from Mr. Bruce Humphries to extend the corrective action due date by 30 days for Problem No. 2 cited in the January 30, 2018 inspection report. The Division hereby approves the extension request as follows:

INSPECTION TOPIC: Reclamation Success

PROBLEM/POSSIBLE VIOLATION: Problem No. 2: The water storage pond added for the rock wash plant as part of amendment 2 (AM-02) is in poor condition due to lack of maintenance, with the liner torn and ineffective.

CORRECTIVE ACTIONS: Reclaim the water storage pond as approved by the Division in Amendment 4. Provide photographic evidence of removing the liner prior to any backfill placement, followed by photographs of achieving final grades, and seed tags for the revegetation effort or if appropriate, a schedule for later seeding in 2018 by the corrective action due date.

EXTENDED CORRECTIVE ACTION DUE DATE: 7/19/18
