**Re: Amendment Approval (AM-01) and Request for Financial and Performance Warranties
Scott Blue II, Permit No. M-2007-031**

Dear Mr. Scott:

On June 18, 2018 the Division of Reclamation, Mining and Safety approved the Amendment application submitted to the Division on October 13, 2017, addressing the following:

Increase the permit boundary from 1.7 acres to 2.3 acres

The terms of the AM-01 approved by the Division are hereby incorporated into Permit No. M-2007-031. All other conditions and requirements of Permit No. M-2007-031 remain in full force and effect.

The Division has set the required financial warranty for the operation at \$11,400.00, which is \$5,048.00 more than the current financial warranty held. **The revision will not be final and activities proposed in AM-01 cannot commence until the additional bond is posted and an updated performance warranty is submitted and approved by the Division.** Please note, the BLM may require a separate bond for tasks not covered by your permit. For questions regarding financial warranties, please contact Barbara Coria, the Division's Financial Assurance Specialist, at **303-866-3567 x8148**.

If you need additional information or have any questions, please contact me at Division of Reclamation, Mining and Safety, 1313 Sherman Street, Room 215, Denver, CO 80203, by telephone at **303-866-3567 x8132**, or by email at elliott.russell@state.co.us.
