**Re: Cross Gold Mine, Permit No. M-1977-410, Change of Status Approval, Revision No. CS-1,
Return to Active Status**

Mr. Hendricks:

On June 19, 2018, the Division of Reclamation, Mining and Safety (Division) accepted your Change of Status notification submitted to the Division on June 7, 2018, addressing the following:

The Cross Gold Mine has returned to Active Status

The terms of the Change of Status, Revision No. CS-1 approved by the Division are hereby incorporated into Permit No. M-1977-410. All other conditions and requirements of Permit No. M-1977-410 remain in full force and effect.

Please be sure the active operation continues to maintain compliance with the approved permit. Permit documents can be accessed from the Division's website at: www.mining.state.co.us, by hovering over the header "Reports & Data", clicking on "Imaged Document Data", then clicking on "Click here to access Imaged Document Data". Once Laserfiche Weblink loads, enter the permit number into the "Permit No" search field, in this case "M1977410", then click the "Search" button or hit Enter.

Additionally, please be sure the Financial Warranty is maintained at a level which reflects the actual current cost of fulfilling the requirements of the approved Reclamation Plan, as required by Rule 4.2.1(1) and C.R.S. 34-32-117(4)(b).

If you have any questions, you may contact me by telephone at 303-866-3567, ext. 8129, or by email at amy.eschberger@state.co.us.
