**Re: Town of Granby; Shorefox Mining Permit; File No. M-2018-030; Incomplete Submittal of Construction Material Regular (112) Operation Reclamation Permit Application Package**

Mr. Blaire,

On June 15, 2018, the Division of Reclamation, Mining and Safety (Division/DRMS) received the Construction Material Regular 112 Operation Reclamation Permit Application Package for the Shorefox Mining Permit. Preliminary review of the information received determined the following items must be received before the Division can consider the application as being submitted and technical review can begin:

1. One (1) signed and notarized complete original and one (1) copy of the completed original Regular 112 Operation Application Form. Original signatures must be done in blue ink.
2. Two (2) copies of Addendum 1 – Notice requirements (described in Rule 1.6.2(1)(b)).
3. The application fee of \$2,696

The application will not be considered submitted until the information listed above is received and found sufficient to begin our review. A decision date will be established 90 days from the date of receipt of all of the requested information. Additionally, if you have already published notice you will need to republish notice, after the Division considers the application submitted. This notice must be published once a week for four (4) consecutive weeks, starting within ten (10) days of the date your application is considered submitted. We will notify you when you should initiate republication of your notice. The final date for receiving comments is the twentieth (20<sup>th</sup>) day after the fourth publication or the next regular business day.

You have sixty (60) days from the date of this letter to submit all necessary documents the Office needs for the application to be considered filed. If, at the end of the sixty day period, the application has not been determined to be filed with the Office, the Office shall deny the application and terminate the application file.

**The response due date is August 26, 2018.**

This letter shall not be construed to mean there are no other technical deficiencies in your application. The Division will review your application to determine whether it is adequate to meet the requirements of the Act after submittal of all required items.

Sincerely,

Peter S. Hays  
Environmental Protection Specialist
