

**MINERALS PROGRAM INSPECTION REPORT**  
**PHONE: (303) 866-3567**

The Division of Reclamation, Mining and Safety has conducted an inspection of the mining operation noted below. This report documents observations concerning compliance with the terms of the permit and applicable rules and regulations of the Mined Land Reclamation Board.

<b>MINE NAME:</b> Riverview Resource	<b>MINE/PROSPECTING ID#:</b> M-1999-098	<b>MINERAL:</b> Sand and gravel	<b>COUNTY:</b> Weld
<b>INSPECTION TYPE:</b> Monitoring	<b>INSPECTOR(S):</b> Peter S. Hays	<b>INSP. DATE:</b> June 28, 2018	<b>INSP. TIME:</b> 11:00
<b>OPERATOR:</b> Aggregate Industries - WCR, Inc.	<b>OPERATOR REPRESENTATIVE:</b> Connie Davis	<b>TYPE OF OPERATION:</b> 112c - Construction Regular Operation	
<b>REASON FOR INSPECTION:</b> Priority	<b>BOND CALCULATION TYPE:</b> None	<b>BOND AMOUNT:</b> \$155,480.00	
<b>DATE OF COMPLAINT:</b> NA	<b>POST INSP. CONTACTS:</b> None	<b>JOINT INSP. AGENCY:</b> None	
<b>WEATHER:</b> Clear	<b>INSPECTOR'S SIGNATURE:</b> 	<b>SIGNATURE DATE:</b> July 2, 2018	

**GENERAL INSPECTION TOPICS**

This list identifies the environmental and permit parameters inspected and gives a categorical evaluation of each. No problems or possible violations were noted during the inspection. The mine operation was found to be in full compliance with Mineral Rules and Regulations of the Colorado Mined Land Reclamation Board for the Extraction of Construction Materials and/or for Hard Rock, Metal and Designated Mining Operations. Any person engaged in any mining operation shall notify the office of any failure or imminent failure, as soon as reasonably practicable after such person has knowledge of such condition or of any impoundment, embankment, or slope that poses a reasonable potential for danger to any persons or property or to the environment; or any environmental protection facility designed to contain or control chemicals or waste which are acid or toxic-forming, as identified in the permit.

Y = Inspected and found in compliance / N = Not inspected / NA = Not applicable to this operation / PB = Problem cited / PV = Possible violation cited

## **OBSERVATIONS**

The Riverview Resource site was inspected by Peter Hays with the Division of Reclamation, Mining and Safety (Division/DRMS) in response to an acreage reduction request (AR-01) submitted by the Operator on May 22, 2018. The acreage reduction request was considered filed by the Division on May 25, 2018. The Division is required by Rule 4.17.2 to inspect the site within 60 days from the filed date to determine if the Permittee has complied with all applicable requirements of the Reclamation Plan. The decision due date for approval of the acreage reduction is July 28, 2018 pursuant to Rule 4.17.2(5). Mrs. Connie Davis with Aggregate Industries - WCR, Inc. was present during the inspection.

The Operator submitted the acreage reduction request (AR-01) for Cell 4, Phase 1 incorporated into the permit area with AM-01. The acreage reduction request is for 63 acres, which would reduce the permitted acreage from 496 to 433 acres. The Operator did not request an associated financial warranty reduction with the acreage reduction request. The Division received comments from the Division of Water Resources (DWR) on June 4, 2018. DWR did not have any concerns regarding the acreage reduction request. A copy of the DWR comment letter was provided to the Operator during the inspection.

The Cell 4, Phase 1 parcel consisted of rangeland undisturbed by mining activity. The owner of the land decided not to sell the parcel to the Operator after the amendment application was approved by the Division. Evidence of recent cattle grazing on the property was observed during the inspection.

Based on the observations from this inspection, the acreage reduction request for Cell 4, Phase 1 is acceptable. The Division will allow the landowner to comment or object to the acreage release request until the decision date of July 28, 2018 prior to approving the acreage reduction request.

The Operator submitted revised Mining and Reclamation Plan Maps with the acreage reduction request. Photographs taken during the inspection are attached.
