RE: Extension of decision date for TR 04 Vollmer Pit, Schmidt Construction Company  
Permit: M-1983-035

Dear Tim,

This letter authorizes an extension of the decision date for this technical revision that pertains to an updating of the reclamation plan for this operation. This extension will allow for a coordination of the revision with the upcoming succession of operator. Thus, the three step process of switching the permittee from Schmidt to Turkey Cañon Quarry can be completed all at the same time. The three steps are: release of unaffected land (approved) - revision of the reclamation plan (TR 04) - and succession of operator (yet to be submitted).

Thank you.

Mark A. Heifner
