**Re: Project, Permit No. M-1983-035, Vollmer Pit;
Decision Date Extension Request Acknowledgment, Technical Revision No. TR-04**

Dear Mr. Davis:

On July 2, 2018, the Division of Reclamation, Mining and Safety (DRMS) received a request from Mark Heifner via email to extend the decision date for Technical Revision 4 (TR-04). No proposed date was stated in the request, so I contacted Mr. Heifner via telephone. We agreed a 90-day extension would likely be sufficient to coordinate the pending succession of operator application to the new land owner. As such, the new decision date is September 30, 2018. The DRMS accepts this request as a waiver to the 30-day review period for technical revisions pursuant to Rule 1.9.1.

If you have any questions or need further information, please contact me at (303)866-3567 x8169.

Sincerely,

Timothy A. Cazier, P.E.
Environmental Protection Specialist
