Ted,

The Division received a response from Mountain Coal Company to the initial adequacy review of PR-15.

The email will be uploaded to laserfiche shortly but, as you probably recall, the proposed revised pages and maps don't get scanned until they are approved. So that you are able to access the materials on behalf of your clients during the review period I have added them to a shared google drive folder which anyone can access using this link: <https://drive.google.com/open?id=1uilmhmDNBawnRwBYsYa2vOgM-ICIG705>

Let me know if you have any problems.

Leigh
