RE: M-1980-020 Mineral Program Inspection Report

State of Colorado
Division of Mining, Reclamation & Safety
1313 Sherman St, Room 215

Dear Mr. Hays,

I would like to request an extension for two of the corrective action due dates from the recent inspection performed on June 14, 2018. To be perfectly transparent I had not given this the attention it deserves in adequate time. I am requesting that the due dates to comply with the Financial Warranty and Signs & Markers inspection topics be moved to August 20, 2018 to come in line with the General Compliance with Mine Plan due date.

Thank you in advance for your consideration in this request and I look forward to resolving these corrective actions in a very timely manner.

Please contact me at any time.

Respectfully Submitted,
