RE: Mine ID# M-1979-131

To Whom it May Concern:

Il, Gerald Korinek, owner of Korinek Sand & Gravel, during the past 12 months, have mined approximately 18,585.98 tons of gravel from the permitted area.

The area on map that is shaded in orange is the disturbed area from the last 12 months, which represents about 1/2 acre of permitted area.

The area on the map that is shaded in green is newly reclaimed area of permitted land.

We have had no rain to speak of for 12 months and have established a good stand of permanent grass on green areas. We didn't get anticipated reclamation started last year because a lack of moisture, but is now ready for reclaiming. I have started on part of the purple area.

If you have any questions, please call me at (719)469-6510.

Sincerely,

Gerald W. Korinek
