Hello Jared,

Attached are two pictures of the sign required by the Division of Reclamation, Mining and Safety that were posted on August 2nd, 2018.

But, I just noticed an error on the sign, I opened the attachment to look at the picture before I sent it and realized the operators name on the sign does not match the operators name on the permit, the sign states Schmidt Aggregates not Schmidt Construction Company or Schmidt. I will order a new sign on Monday and have it posted before the corrective action date of 08/24/2018.
