Dear Mr. Mayer,

On August 2, 2018, the Division of Reclamation, Mining and Safety (Division) received your Notice of Intent to Conduct Prospecting Operations (NOI) application for the Pensaukee Lode and assigned it File No. M-2018-015. In accordance with the requirements of Rule 5.1.3, the Division posted the non-confidential form (Form 2) on the Office website on August 2, 2018. Any public comment or request for disclosure of information designated as confidential regarding the NOI must be received by the Office no later than ten (10) working days after the notice was posted on the Office website (August 16, 2018).

The Division considered your NOI application complete for the purpose of filing on August 2, 2018. In accordance with Rule 5.1.3(a), the Division will review the NOI application and will contact you within twenty (20) working days of the filing date (August 30, 2018) regarding any deficiencies or if the review indicates the proposed operations are considered to be mining, rather than prospecting.
