Dear Mr. Zuber:

New Elk Mine is going to resubmit the necessary pages for the Weed Management Plan (MR 125) to coincide with the latest version of the PAP. The original submission of this revision used pages from TR-68 in 2014. The most current pages of this section are from RN-6 in 2016. Attached are the revised pages to be inserted on page 67 and the new page 67a of section 2.05.

Sincerely,
