Re: Revenue Mine, Permit M-2012-032 Notice of Receipt, Technical Revision TR-10

Brian Briggs:

On August 16, 2018, the Division of Reclamation, Mining and Safety (DRMS) received your Technical Revision application **TR-10** and the required fee for the Revenue Mine Permit **M-2012-032**, which is located in Ouray County. The revision requested addresses the following items:

- TR seeks to: Allow for construction of an already CDPHE permitted five-stage passive treatment system with surface water discharge at a new industrial wastewater outfall (Outfall 002A)
- Allow for construction of a new monitoring well to monitor passive treatment system
- Allow for diesel tank to be moved to a less congested area.

The Division is reviewing your revision submittal for adequacy. The decision due date is scheduled for September 27, 2018. We will contact you if additional information is needed.

If you have any question please contact me at (970) 241-2042, travis.marshall@state.co.us or at the DRMS Grand Junction Field Office located at 101 South 3rd, Suite 301, Grand Junction, CO 81507.
