Re: Amzak Pit, Permit No. M-2003-003, Application for Transfer of Mineral Permit and Succession of Operator (SO-02), Extension Request Approval

Dear Mrs. Richardson and Mr. Kozimor,

On September 5, 2018 the Division of Reclamation, Mining and Safety received a request for a 60 day extension to the Decision date for the Application for Transfer of Minerals Permit and Succession of Operator SO-02. This request was made by Nathan Barton of Wasteline, Inc. on behalf of the prospective Operator to address the outstanding requirements outlined in the Adequacy Letter dated May 25, 2018.

The Division is approving the request for the 60 day extension to the decision date for the above listed Succession of Operator. All items required in the Adequacy letter must be submitted by the new decision date Friday, November 5, 2018. If you have any questions, comments or concerns please feel free to contact me at the Division's Grand Junction Field Office, by phone at (970)-243-6368 or by email at lucas.west@state.co.us.

Sincerely,
