**RE: Hobo Mine, File No. M-2017-044, Authorization to Install Safety Berm**

Mr. McFarland,

On October 25, 2017 the Mined Land Reclamation Board ruled that the activities conducted at the above listed site required a 110(1) permit. Furthermore the Board issued a Cease and Desist Order prohibiting all activities except those activities approved by the Division, in writing necessary to comply with the conditions of the Board Order, to prevent Damage to off-site areas or to protect health and safety. On September 5, 2018 you submitted a request to install a safety berm around the edge of the portal pad. This notice is to inform you that your request is **approved**, and you may install the berm as soon as possible.

The Board Order will be mailed to you soon, in the meantime, if you have any questions regarding this action, or compliance with the corrective actions please feel free to contact me at the Division's Grand Junction Field Office, by phone at (970)-243-6368 or by email at [lucas.west@state.co.us](mailto:lucas.west@state.co.us).

Sincerely,

**Lucas West**
