Subject: Application number M-2018-039, Lamb Lakes

To: jared.ebert@state.co.us

Dear Mr. Ebert,

I am very concerned about the proposed redevelopment of what has become a community treasure. It seems the ponds north of the Poudre Trail are slated to become industrial water storage tanks.

The ponds are enjoyed by community members of all walks of life. They are seen and admired from the Poudre Trail to the south and to the City's property to the North where many of us gather to enjoy beautiful summer afternoons and majestic sunsets. Experiencing the changing seasons at the ponds is a way many of our children have learned about the cycles of the earth.

The ponds enhance the quality of life for many in our community.

I would like to take this opportunity to formally request that the ponds (Application number M-2018-039, Lamb Lakes) do not become redeveloped.

Best,

Cheryl Distaso
