Dear Mr. Ebert, and Government,

I am writing regarding the future of the Lamb Lakes area, application M-2018-39..

I am a Colorado native, my family being in this land over 400 years. Much has changed, and will continue. The Lamb Lakes area is a dear spot to me because not only is it beautiful, it is free. In addition to being a native, I am also poor. Costs of living continue to rise and places like this give me solace in my home. I'm asking you not to proceed with the plans for fencing and mining, etc. I am asking you to let me, and others, keep this precious piece of my home.

I know that you will most likely go through with it, for all the logical reasons. Logic often doesn't give way to the long term, to generations before, and most importantly, after. And I'm asking you anyway, to please do not take this from us.

Kindly yours,
Maya Ortega
