**Re: Permit Number M-2004-031 – Hazeltine Mine  
Aggregate Industries Response to TR-06 Adequacy Review No.2**

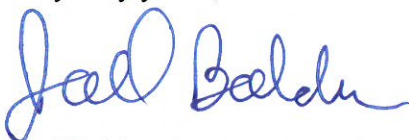

Dear Jared:

Aggregate Industries (Aggregate) submits this letter in response to the Division's August 21, 2018 TR-06 Adequacy Review Response No. 2.

The City of Thornton, as owner of the Hazeltine Reservoir, is evaluating various alternatives for permanently addressing the Orr Drain flows. In the event that the City of Thornton decides to handle Orr Drain flows through the reservoir, the City of Thornton has committed to permanently addressing water rights issues as shown in Exhibit A.

If you have any questions or require additional information regarding this response, please do not hesitate to call me at (719) 239-0974.

Very truly yours,

Joel Bolduc  
Regional Land and Environment Manager

**Re: Permit Number M-2004-031 – Hazeltine Mine  
Permanent Augmentation for Orr Drain Flows**

Dear Jared:

The City of Thornton, as owner of the Hazeltine Reservoir, is evaluating various alternatives for permanently addressing the Orr Drain flows, including relocating Fulton Ditch Bull Seep turnout downstream, purchasing Mr. Orr's property, and handling Orr Drain flows through the reservoir.

In the event that the City of Thornton decides to handle Orr Drain flows through the reservoir, the City of Thornton will obtain an Augmentation Plan with the Water Court.

If you have any questions or require additional information regarding this response, please do not hesitate to call me at 720-977-6504.

Sincerely,

A handwritten signature in blue ink, appearing to read "Emily Hunt", with a stylized flourish at the end.

Emily Hunt Water Resources Manager
